2019  
STATE  
LEGISLATIVE  
INITIATIVES

**ABOUT CAPE CORAL:** The City of Cape Coral is situated on the Gulf Coast of Southwest Florida. With a population of 180,000, it is the largest city between Tampa and Miami and the 10<sup>th</sup> largest city in Florida. Its area of more than 120 square miles makes Cape Coral the 3<sup>rd</sup> largest Florida city by land mass. Designed and developed as a “waterfront wonderland,” Cape Coral is home to more than 400 miles of waterways and 27 miles of shoreline.

**INTRODUCTION:** The City’s state legislative platform summarizes the City’s legislative priorities and is consistent with the City’s long-term strategic vision which focuses on our commitment to the residents we serve. The purpose of the platform is to set forth the City’s legislative objectives and provide direction for our advocates as they work to secure support and resources for our community. Advocacy efforts are made to ensure the City’s fiscal, operational, and quality of life interests are represented on behalf of the citizens of Cape Coral.

## **GUIDING PRINCIPLES**

### **Protect Local Control**

Support measures that protect the rights of Florida citizens to govern themselves under the municipal Home Rule powers conferred by the Florida Constitution, including measures that preserves the City's local authority as a charter city to enact policy pertaining to local affairs and opposition to measures that seek to preempt local control without concurrence of the City.

### **Preserve and Maintain Fiscal Responsibility**

Support measures that preserve and maintain the City's fiscal stability, predictability and financial independence. These measures include:

- Efforts that preserves the City's ability to provide core services and deliver programs that foster a safe community, and
- Efforts that allow investment in community infrastructure to enhance the city's ability to meet the needs of its current and future residents and businesses, and
- Efforts that promote efficient and cost-effective solutions to protect and conserve natural resources and promotes environmental awareness and sustainability.

### **Support Funding Opportunities**

Support measures that allow the City to compete for its fair share of regional, state and federal funding. Support initiatives that promote dedicated funding streams to cities for critical service areas.

### **Collaborate with Regional Partners**

Support opportunities to work collaboratively with local and regional partners on areas of mutual interest. Maintain strong relationships with other municipalities, the county and local transportations agencies, specials districts, regional government agencies, local elected officials and school districts.

## **LEGISLATIVE INITIATIVES**

Local Self-Government

In alliance with the Florida League of Cities and municipalities across the state, the City of Cape Coral supports legislative efforts to strengthen and protect the rights of Florida citizens to govern themselves under the municipal Home Rule powers conferred by the Florida Constitution.

The Florida constitution empowers citizens with the right of local self-government, or Home Rule. As the only form of voluntary government, Florida's municipalities are the embodiment of this right. A city is created by its citizens to provide additional functions and services for the benefit of the community. Local citizens develop a charter to specify the form, functions and power of their city government. The incorporation and city charter are approved by voters in a local referendum.

Home Rule authorizes all governmental, corporate and proprietary powers necessary to conduct municipal government, perform municipal functions, and render municipal services. Home Rule is why no two cities are alike. City residents take pride in this diversity and responsibility. Strong Home Rule powers ensure that government stays close to the people it serves. Intrusion on Home Rule from the state or federal government undermines the constitutional right of citizens to govern themselves. (Exhibit A)

Environmental, Energy, Natural Resources

The City of Cape Coral SUPPORTS legislation that promotes healthy communities and economic prosperity through the protection of the region's air, land, water and the city's other natural resources and open space. Resources for research, for state and local governments improvements and infrastructure projects to develop, test and implement technologies and processes to prevent and mitigate the effects of harmful algal blooms; support legislation and request state funds to address the needs to develop water, air and soil criteria, regulatory healthy levels and comprehensive sampling and analysis protocols for Harmful Algal Blooms toxins, such as cyanotoxins (Blue Green Algae) and brevetoxins (*Karenia brevis*); support legislation and funding to monitor, forecast and predict Harmful Algal Blooms for the public health and safety.

The City of Cape Coral SUPPORTS legislation to provide long-term, recurring and adequate state funding, that is distributed throughout the state based on objective criteria, for local government water resource and water quality improvement projects and infrastructure, including, but not limited to, projects that: reduce nutrient and pollutant loading from wastewater sources; mitigate storm water and flooding impacts; and increase available water resources and supplies.

Support comprehensive legislation to address the state's growing water resource and water quality infrastructure deficit relating to water supply, wastewater treatment and disposal, stormwater management, and water quality protection. Such legislation should address: annual assessment by the state of state, regional and local water resource and water quality infrastructure improvement needs; development of short, intermediate and long-term strategies to meet identified needs; objective funding criteria and methodologies; and establishment of a dedicated and recurring source of state funding to meet current and projected needs.
