

**FLORIDA FIRE MARSHALS AND INSPECTORS ASSOCIATION
2016 LEGISLATIVE POSITION PAPER**

Fire Service Training, Professional Standards and Certification

- 10.1 Support proposals to increase the required training hours for initial certification of Fire Safety Inspectors.
- 10.2 Oppose the establishment of a mandatory certification program for fire service public educators or fire investigators.
- 10.3 Support legislation that will provide for criminal prosecution of individuals interfering with a fire inspector in the line of duty
- 10.4 Support legislation that would change the SFMO “Certification” programs to “Licensure” programs.
- 10.5 Support legislation that will create a mandatory Fire Code Administrator Program

[Support legislation or rule allowing continuing education / re-certification reciprocity between the DSFM and the Florida Building Code Administrator’s and Inspector’s Board](#)

[Support legislation providing for public records exemption for any fire safety inspector certified under 633.081 F.S.](#)

Fire Prevention and Life Safety Codes

- 20.1 Support legislation reinstating the one and two family dwelling fire sprinkler requirements contained in the International Residential Code as part of the Florida Building Code.
- 20.2 Oppose legislation or rule making that would reduce local home rule fire code authority to implement innovative solutions to fire prevention and life safety concern.
- 20.3 Support legislation that would require fire sprinkler systems in all new construction.
- 20.4 Support legislation that would encourage jurisdictions to provide local financial incentives for the installation of fire sprinkler systems.
- 20.5 Support legislation repealing the “Uniform Fire Code” provisions of Florida Statute 633.
- 20.6 Oppose legislation or rule making that would reduce the existing life safety and or property protection requirements in any historical structure.
- 20.7 Support legislation that would eliminate the utilization of “standby water fee” charges for fire sprinkler systems in commercial and multi-family properties.
- 20.8 Oppose legislation that would repeal the prohibition on stand-by water fees, additional ERU’s and other utility charges for one and two family fire sprinkler protection contained in 633.
- 20.9 Oppose legislation or rule making that would reduce the minimum standards for the installation of residential smoke alarms.
- 20.10 Oppose legislation that would privatize fire code enforcement functions without maintaining local approval and oversight.

- 20.11 Oppose legislation that would remove the National Fire Protection Association's NFPA 1 Fire Code as the adopted minimum fire code for the State of Florida.
- 20.12 Oppose legislation that would remove the National Fire Protection Association's NFPA 101 Life Safety Code as the adopted minimum life safety code for the State of Florida.
- 20.13 Oppose legislation that would expand the Florida Building Commission's authority into fire code adoption and enforcement issues.
- 20.14 Support legislation and rule making that would apply the Florida Fire Prevention Code to agricultural processing facilities that are currently exempt from fire safety oversight.
- 20.15 Oppose legislation or rule making that would weaken the High-Rise fire sprinkler retrofit requirements within the Florida Fire Prevention Code.
- 20.16 Oppose legislation or rule making that would allow Architects or Engineers authority to conduct fire inspections and/or plans review without being certified as a State Fire Safety Inspector.
- 20.17 Support legislation that would provide a dedicated funding source to the State Fire Marshals' Office for Fire Code promulgation, interpretation and education. (This would be similar to the "surcharge" language in Florida Statute 553.721.)
- 20.18 Support legislation that would update the referenced fire safety standards in Florida Statute 509 and other specialty statutes to reference the current edition of the Florida Fire Prevention Code.
- 20.19 Draft and move legislation to amend FS. 429.41 to reference the current adopted version of the Florida Fire Prevention Code.
- 20.20 Support legislation banning the sale of novelty lighters that appeal to children
- 20.21 Support legislation banning the sale of matches and lighter to those under the age of 18.
- 20.22 Oppose legislation that would remove the fire service authority from new construction plans review and inspections.
- 20.23 Support legislation that would require Non-expedited Declaratory Statement Requests to be reviewed in an advisory capacity by the Fire Code Advisory Council prior to issuance by the State Fire Marshal's Office.
- 20.24 Oppose legislation expanding the application of the Truss Marking Law of Florida Statute 633. to other types of construction without fire test data indicating the risk is equal to or greater than that of the types of construction currently covered under the light-frame construction definition.
- 20.25 Oppose legislation that would weaken any of the model codes and standards for the State of Florida unless environmental conditions or technical substantiation justify such actions.
- 20.26 Support legislation that repeals the restrictions placed on the Authority Having Jurisdiction to adopt an ordinance, rule or regulation regarding fireworks (F.S. 791.07).
- 20.27 Support legislation that will clarify the statewide amendment process to the Florida Fire Prevention Code to include a sunset provision, processing thru the Fire Code Advisory Council, publication of amendments and draft code versions on the SFMO web site and specific criteria for consideration of statewide amendment adoption.
- 20.28 Support legislation simplifying the informal interpretation process contained in F.S. 633.
- 20.29 Oppose legislation modifying the minimum fire flow provisions contained in NFPA 1.
- 20.30 Oppose any legislation that would allow LP cabinet heaters (stand-alone) to be used inside of residential occupancies.

- 20.31 Oppose any legislation that would further legalize the sale of fireworks to the public.
- 20.32 Draft and move legislation that would mandate disclosure of the benefits of residential fire sprinklers to new buyers of one-and two-family dwellings.(Similar language to Delaware “New Home Buyers Fire Protection Act” House Bill 133.)
- 20.33 Draft and move legislation that would provide dedicated funding to the informal interpretation process contained in F.S. 633.

Fire Investigation

- 30.1 Oppose legislation that would place an unfunded mandate on local government by limiting the assistance that the Division of State Fire Marshals’ Bureau of Fire and Arson Investigation can provide local government with fire investigations.
- 30.2 Support legislation that establishes a statutory “Arson Reward” program and provides a dedicated funding source for the “Arson Reward” program administered by the State Fire Marshal’s Office.
- 30.3 Oppose legislation that would weaken the State Fire Marshals Office by the transfer of any of the existing Bureaus currently under the responsibility of the CFO/Fire Marshal’s Office to other state agency.

Wildland/Urban Interface

- 40.1 Support the continued use and adoption of NFPA 1144, Standard for Wild Fire Prevention and Control, as the wildfire prevention and control standard for the State of Florida.
- 40.2 Support legislation adding a representative from the Florida Forest Service to the Florida Fire Code Advisory Council.
