I. REVENUES:

These figures are new revenues that would not exist but for the passage of the bill. The term "revenue" contemplates, but is not limited to, taxes, fees, and special assessments. For example, license plate fees may be a revenue source. If the bill will add or remove property or individuals from the tax base, include this information as well.

This number is an estimate of the amount of annual non-ad valorem assessments the property owner would pay based upon the acreage of the parcel being added to the district and the projected assessment rates.

III. FUNDING SOURCE(S):

State the specific sources from which funding will be received, for example, license plate fees, state funds, borrowed funds, or special assessments.
